PROFESSIONAL PROFILE

Junior Full-Stack Developer and Software Engineering professional with hands-on experience designing, developing, deploying, and supporting web applications. Built and deployed a multi-tenant school management system currently used by Linvoy Academy, with practical experience across React, TypeScript, Express.js, REST APIs, Prisma, PostgreSQL, SQL, MongoDB, JWT authentication, GraphQL, Git, Docker, Linux, and Railway. Also brings several years of professional computing education and IT support, including computer administration, troubleshooting, laboratory management, staff support, and digital solutions for educational institutions.

TECHNICAL SKILLS

Frontend	React, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS
Backend	Express.js, Node.js, REST APIs, GraphQL
Data	PostgreSQL, SQL, MongoDB, Prisma ORM
Engineering	JWT Authentication, Role-Based Access Control, Multi-Tenant Architecture, Database Design, API Integration
Tools	Git, GitHub, Docker, Linux, Railway
IT	Computer Administration, Hardware/Software Troubleshooting, Microsoft Office, Excel, Computer Lab Management

FEATURED PROJECT

NYA School Management System | Full-Stack Developer / Lead Developer

- Designed and developed a multi-tenant school management platform for academic and administrative operations.
- Built the frontend with React and TypeScript and the backend with Express.js and TypeScript.
- Designed the data layer with Prisma ORM, using PostgreSQL for cloud deployment and SQL-based storage for local school-server environments.
- Implemented JWT authentication and role-based permissions, with workflows for student management, teacher management, assessments, results, and report cards.
- Connected frontend interfaces to REST APIs and database-driven workflows; deployed the system on Railway.
- The platform is currently used by Linvoy Academy, giving the project real production use and direct exposure to end-user requirements.

Technologies: React, TypeScript, Express.js, Prisma, PostgreSQL, SQL, JWT, REST APIs, Railway

PROFESSIONAL EXPERIENCE

Linvoy Academy Accra, Ghana | Computing & French Teacher | IT Support & Digital Systems | September 2025 – Present

- Teach Computing and French, including programming, Microsoft Office, Excel, and practical computer skills.
- Provide day-to-day IT support to teachers and administrators, including computer setup, configuration, troubleshooting, and technology guidance.
- Developed and deployed the NYA School Management System, now used by the academy.
- Built Excel-based administrative tools, designed examination papers, and supported other digital academic/administrative workflows.
- Work directly with school stakeholders to understand operational needs and translate them into practical technology solutions.

Edulead Community School Ghana | Computing & French Teacher | Computer Lab & IT Support | May 2024 – September 2025

- Taught Computing and French, including programming, robotics, Microsoft Office, Excel, and practical ICT skills.
- Managed and supported the school computer laboratory, including computer setup and routine hardware/software troubleshooting.
- Assisted teachers with technology-related tasks and supported the effective use of digital tools in teaching and administration.

Freelance / Self-Employed | Technical Support & Hardware Repair Specialist | 2021 – Present | Occasional

- Purchase, evaluate, repair, and resell used computers and mobile devices, diagnosing hardware and software problems before resale.
- Provide occasional post-sale troubleshooting and repair support to customers and previous buyers.
- Develop practical fault-finding, customer-service, and independent problem-solving skills through hands-on technical work.

Soccabet | Sales Cashier | June 2022 – October 2022

- Handled customer transactions accurately and responsibly in a customer-facing operational environment.
- Developed attention to detail, accountability, communication, and service skills.

Abundant Grace International School | French Teacher | April 2020 – November 2021

- Taught French and supported students in developing practical language skills.
- Built strong communication, classroom-management, and interpersonal skills.

Freedom International School | French Teacher | February 2021 – May 2021

- Delivered French instruction and supported student learning across different classroom needs.

EDUCATION & CERTIFICATIONS

ALX Software Engineering — Software Engineering Program | November 2022 – January 2024

ALX Software Engineering — Certificate of Completion

Universite de Lome — Physical Sciences | 2020 – 2021

Lycee de Nyekonakpoe — BAC 2, Biology / Biological Sciences | 2016 – 2019

LANGUAGES

French - Native • English - Fluent • Ewe - Native • Spanish - Basic

PROFESSIONAL STRENGTHS

Problem Solving • Technical Troubleshooting • Software Development • Communication • User Support • Teaching & Knowledge Sharing • Independent Learning • Collaboration • Requirements Understanding • Adaptability
